## How do I get on the Salt City Pro List?

It's easy. All you have to do is participate in an ADO qualifier or the singles league. Depending on where you finish in each of these, you are awarded points. This point system is very similar to the ADO national ranking list: The more tournaments you attend, the more points you get, the higher you go on the list. So even if you attend every qualifier and place in the lower part of the bracket, you still receive points, which can move you up in the standings. I hope more shooters will consider showing up at a qualifier or two.. There are many great shooters in this area and I hope to see all of them on this list!

***At the end of the year, (the regional year goes from Sept 1, 2011 to Sept 1, 2012) trophies and prizes will be awarded to the top players!!!***

## POINT SYSTEM
